Dear Friend -

Pursuant to your request I am repeating here the gist of a conversation I had had with my father, John Thomas Giles, 1862-1954, in relation to the South east point of begining of what was designated as "The Old Heber Fort".

The date of said conversation would be approximately 1970. He told me the point in question ^{was} where 200 North and 100 West intersect.

I trust this is the information you wished to have.

Respectfully,

Ralph F. Giles
